

# Welcome to Vizia

Welcome to Vizia! In a few quick steps you will be able to enjoy your photos on a bright and beautiful display. In order to begin you will need a computer, internet browser, and Vizia frame.

All you need to do is plug in your Vizia frame, activate your account, and begin uploading photos to your ViziaMe.com account. Invite your family and friends to share their photos as well.

Have fun sharing your photos!

## 1. Start Your Vizia Frame

Plug the AC adapter into a power outlet, then into the back of the Vizia frame.

The frame will startup automatically. This will take about a minute. After you see the Vizia logo the slideshow will begin.

At first you'll see a few photos from Isabella Products. Once you activate your account, you can send photos from your computer or mobile phone.

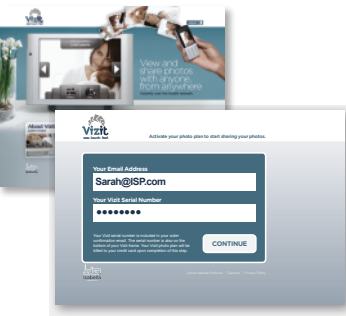

## 2. Activate Your Account

to activate go to  
ViziaMe.com

Go to ViziaMe.com, and click **Log in**. Then click **Don't have an account yet?** Follow the steps and enter the requested information. Include your mobile phone number if you want to send photos from your phone.

When you create a Frame Name, pick a really good name—this will be the email address for your frame at ViziaMe.com and will stay with your frame forever.

Remember your Frame Name and Password here:

## 3. Upload Your Photos

Once you've created your ViziaMe.com account, click **Upload** to choose photos to send to your frame.

On the Upload page, click **Add**, then find and select the photos you want to upload from your computer.

Once you've selected a few photos, click **Upload** and the photos will be sent to your Vizia frame.

## 4. Invite Friends and Family

While in your ViziaMe.com account, click the Invite icon to invite friends and family to send photos to your Vizia frame.

Enter a friend's name and email address or mobile phone number, then click Invite. Your Vizia can only receive photos from invited addresses and mobile numbers.

Photos sent by friends and family will automatically appear on your Vizia frame.

## 5. On the Go ... Share Your Photos

You and your friends and family can send photos right to your Vizia frame.

How to send photos?

Once invited, you and your friends can email or MMS photos to your `FrameName@ViziaMe.com`

Use the subject line to make a caption for the photo and start sharing!

## 6. New Photos Have Arrived!

You'll see a message on your frame each time a new photo arrives.

Just tap this message and the new photos will be the first to appear.

Enjoy!
